PRESENTS

# 3 DAYS PORTABLE SYSTEM DEPLOYMENT PRO-AUDIO TRAINING

*This multi-day training course provides the foundation for today's engineers and technicians require to accurately deploy portable live sound systems, whatever the size and application. This course will also provide basic overview of sound system design, control, and optimization. At the end of this course there shall be a demo with particular emphasis on applications for relevant Meyer Sound system solutions*

*Attendees will acquire a working knowledge of the entire process, from initial system design to final verification, and everything in between. All topics are demonstrated in practice using Meyer Sound solutions. including loudspeakers, rigging hardware, the MAPP XT System Design Tool, Galileo GALAXY Network Platform, Compass Control Software. RMServer Remote Monitoring System. MDM Power and Signal Distribution Module, and SIM 3 Audio Analyzer.*

**TRAINING  
FEE:  
N75,000**

Training Instructor: **Rahul Samuel**

**Dates:**

**Monday September 30th** (Accreditation and Training Materials)

**Tuesday October 1st** (Training Day 1)

**Wednesday October 2nd** (Training Day 2)

**Thursday October 3rd** (Training Day 3)

Time: **9am – 6pm daily**

For Enquiries **call:**

**08038478450  
08055468095  
08066919247**

**Venue:**

NECA House (CBD)  
Plot A2 Hakeem balogun Way.  
Central Business District,  
Alausa. Ikeja, Lagos
